20 Portable Table Lamp

22 Display Units

23 Order Guide

Here are some **great additions** to the 4lite garden range.

OUTDOOR LIGHTING

Marinus Range

Marinus is a coordinating range of outdoor lighting made from marine grade stainless steel, designed to offer greater protection from harsh outdoor elements. The collection includes bi-directional, single directional and spike lighting and can be upgraded to smart lighting with compatible GU10 bulbs. They make a great addition to any garden.

OUTDOOR LIGHTING

Festoon Lighting

Transform your outdoor space with festoon lighting, ideal for gardens, patios and pergolas. These heavy duty and weatherproof lights can be used all year round and come with E27 warm white LED lamps. Compatible with WiZ A60 (E27) lamps they can also be upgraded to smart lighting.

OUTDOOR & INDOOR LIGHTING

USB Rechargeable Colour Changing Lamp

This portable colour changing lamp is ideal for summer evenings in the garden. Cordless and lightweight, it can be easily moved around the home and garden to help you create the perfect atmosphere whichever room you are in.

MARINUS RANGE

4 Year Warranty

With a solid understanding of regulations, we pride ourselves on developing products to the highest standards. That's why the majority of 4lite products come with a minimum 4-year warranty* to give our customers complete peace of mind. Users simply need to register to claim via the 4lite website for the extended warranty.

Marinus is a co-ordinating range of **outdoor lighting** made from **marine grade 316L stainless steel**, designed to offer **greater protection** from harsh outdoor elements.

A stunning option outside homes, patios and garden areas, the collection includes a trio of bi-directional, single -directional and spike lights ideal for illuminating doorways, walls, stairs and other design features. Stylish and contemporary in design, the Marinus Range is available in both stainless steel and anthracite grey and can be upgraded to be smart lighting with compatible GU10 smart bulbs.

Marine Grade Stainless Steel

Made with corrosion proof 316L marine grade stainless steel which offers greater protection from harsh environments and outdoor elements. Ideal for coastall locations.

Smart Lighting

Upgrade your lights to be smart and control them via the WiZ App. With 16million colours, 64,000 shades of white and dynamic light modes you can create the perfect outdoor atmosphere.

Connected by
WiZ

Contemporary design

The Marinus Range features a halo glass edging which provides an atmospheric lighting affect in the illuminated area. Co-ordinating bi-directional, single direction and spike lighting are available in the range. Available in stainless steel and anthracite grey finishes.

Adjustable PIR Security Sensors

Built in PIR sensor detects outside movement and triggers the light to switch on for added home security. Perfect for use in doorways or gardens. Variable motion detection from 1 to 7 metres and time duration of 10 seconds to 5 minutes.
